The aim in this practice is for patients to be well-informed about their condition, and about any recommendations made for treatment. It is important therefore for you to say at the time if there is anything you do not understand, or about which you wish to know more. An exception to this occurs if you are referred for insurance or medico-legal assessment by a third party, when we are not at liberty to discuss your diagnosis or management.

Please note also that if you are given a follow-up appointment, it is important to attend, Otherwise, you will fail to receive important test results or advice. We do not and cannot take responsibility for you neurological care if you do not keep appointments which are made for you or do not follow the advice we give you.

Our fees for Nerve Conduction and EMG studies and the related clinical consultation are routinely bulk-billed. Any other test will be quoted by the receptionist.
